

Mastering Anterior Precision in Hip Surgery

SWISS DAA IC 2025

16-17 May 2025

Hotel [tbd](#)

Translational Center for surgery, OR-X
Balgrist University Hospital
Forchstrasse 340
8008 Zürich

Course Overview

This course is designed for medical professionals seeking to learn/deepen their expertise in the Direct Anterior Approach (DAA). It focuses on mastering precise techniques, offering a hands-on, practical learning experience.

Target Group

Surgeons with a profound understanding of Total Hip Arthroplasty, striving to adopt the Anterior Approach in their daily practice or aiming to improve their skills.

Learning Objectives

- Perform precise primary hip replacements using the Direct Anterior Approach.
- Handle complications: Identify and address common complications in DAA hip surgery for better outcomes.
