

Course Description

The NEXON competency- & problem- based curriculum aims to support our learners expedite the acquisition of the *right* competencies to perform foraminal and transforaminal endoscopic spine surgery safely and reproducibly to ensure delivery of improved patient outcomes.

Target Audiences

Surgeons who are familiar and confident in performing the UBE interlaminar approach for spinal decompression and are looking to expand the range of indications treatable through the foraminal and transforaminal Biportal Endoscopy approach.

Pre-Course

Nexon offers materials for our learners to prepare and acquaint themselves with key elements of the procedure before attending the course. Coming fully prepared for the course, enhances our learners on-site learning eXperience.

- ▶ Surgical Video: encourages focus on physical movements of the procedure

Course

- ▶ Case Discussion: *enhances know how and clinical reasoning*
- ▶ Practical skills: *focus on deliberate practice to develop actual surgical skills*
- ▶ Reflection exercise: *engrain learning by building on your experience*

Registration Fees

- ▶ CHF 980.-* per participant, inclusive food & beverage
- ▶ Cancellation Terms: Up to 30 Days before the Training with full Refund. 50% Refund until 15 Days before the start of the Training. No Refund after that.

*Excludes travel and accommodation

ENSIGHT™ BIPORTAL

Module 3: Foraminal Approach for Decompression

Module 4: Transforaminal Approach for Fusion

Part of the EnSight™ Biportal Endoscopic Spine Curriculum

Wednesday, 24th September 2025

Nexon Medical AG, Länggasse 4, 6208 Oberkirch, Switzerland

Facilitator:

Dr. Ashwinkumar Khandge
Orthopedic Surgeon
Sudarshan OrthoVision Hospital
Pune, India

Learning outcomes

By the end of this course, a learner should be able to:

1. Select the proper indications and limitation of applying the biportal transforaminal approach
2. Recognize the relevant surgical anatomy and key landmarks
3. Determine the appropriate OR set-up and patient positioning for the technique
4. Associate the correct procedural steps for transforaminal decompression and fusion
5. List the most typical complications management strategies
6. Demonstrate appropriate motor-skills and hand-eye coordination to perform the procedure safely.

EnSight Biportal Curriculum to elevate your skills

Our CPD courses prioritize lifelong learning for surgeons, methodically building key competencies.

To enhance learning through deliberate practice, participation in Biportal Endoscopic courses is limited to 8 participants.

- ▶ **Module 1:** Interlaminar Approach for Unilateral Decompression
- ▶ **Module 2:** Interlaminar Approach for Bilateral Decompression
- ▶ **Module 3:** Foraminal Approach for Decompression
- ▶ **Module 4:** Transforaminal Approach for Fusion
- ▶ **Module 5:** Posterior Cervical Foraminotomy and Decompression

PRELIMINARY AGENDA

Module 3

08:00	Welcome & Setting Expectations
08:20	Comprehension (Flipped Classroom)
09:05	Basic Technique Review & Discussion
09:25	Practical Performance
10:25	Break
10:45	Group A: Practical– Performance / Group B: Case Discussion
11:15	Group B: Practical– Performance / Group A: Case Discussion
11:45	Reflection
12:05	Lunch

Module 4

12:45	Comprehension (Flipped Classroom)
13:30	Basic Technique Review & Discussion
13:50	Practical Performance
15:30	Break
15:50	Practical Performance or Case Discussion
17:30	Case Discussion
18:00	Reflection
