

SWISS ANKLE ARTHROSCOPY COURSE

SFAS & Arthrex Collaboration

Saturday, November 8, 2025 | 8:30 AM - 5:30 PM | Geneva

Course Objectives

- Refresh knowledges: anatomy and basic principles of ankle arthroscopy
- Indications and procedures in ankle arthroscopy including ankle and subtalar fusions, lateral ligament repair and posterior ankle syndromes
- Practice of the arthroscopic examination and basic procedures of the ankle

Course Language

English

Course Director

Dr. med. Victor Dubois-Ferrière | Centre ASSAL, Geneva (CH)

Faculty

Dr. med. Jordi Vega | Move Traumatologia, Barcelona (ESP)

Dr. med. Adrien Ray | Hôpital de la Tour, Meyrin (CH)

Dr. med. Alain Akiki | Hôpital Riviera-Chablais, Rennaz (CH)

PD Dr. med. Andreas Toepfer | HOCH Health Ostschweiz, St. Gallen (CH)

Dr. med. Diogo Vieira Cardoso | HUG, Genève (CH)

PD Dr. med. Nicola Krähenbühl | Bethesda Spital, Basel (CH)

Dr. med. Nils Reymond | Centre ASSAL, Geneva (CH)

Course Location

SFITS | Swiss Foundation for Innovation & Training in Surgery

Rue Gabrielle-Perret-Gentil 4

1205 Geneva

Course Fees

SFAS-Members CHF 650.00

Non SFAS-Members CHF 750.00

Credits swiss orthopaedics
are requested

Program

08:30 - 08:55	Welcome
08:55 - 09:00	Course opening
09:00 - 10:00	Theory: Anterior ankle arthroscopy • Ankle anatomy • Anterior ankle arthroscopy (Setup, Portals, Pitfalls) • Anterior ankle impingement • Lateral ankle ligament repair • Tibiotalar fusion
10:00 - 10:15	Break
10:15 - 12:30	Cadaver lab: Anterior ankle arthroscopy • Portal, anterior exploration, anterior decompression, lateral ankle ligament repair, tibiotalar fusion
12:30 - 13:00	Lunch
13:00 - 14:45	Theory: Posterior ankle arthroscopy • Posterior anatomy • Posterior ankle arthroscopy (Setup, Portals, Pitfalls) • Posterior ankle impingement syndrome • Endoscopic FHL Transfer • Subtalar fusion
14:45 - 15:00	Break
15:00 - 17:30	Cadaver lab: Posterior arthroscopy • Portals, posterior exploration, posterior decompression, subtalar fusion
17:30	End of Course
