

A case-based Seminar on
Revision Strategies & Outcome

11th Spine Revision Symposium

Wednesday, 19th November 2025
09:15-16:30

Johnson & Johnson Institute
Auditorium
Luzernstrasse 21
4528 Zuchwil

“From recurrent lumbar Disc Herniation to Proximal Junctional Kyphosis”

Course Overview

Rebuilding a cathedral after an earthquake – this is how revision surgery can feel. Strengthening existing structures, reinforcing weak ones, correcting past mistakes, and doing it all while preserving the spinal integrity and function.

Revision surgeries have become more frequent, and so do our challenges to reach the best possible outcome.

We are happy to invite you to a captivating day in Zuchwil.

Target Group

Spine Surgeons who aim to deepen their knowledge in revision surgery and outcome.

Learning Objectives

- Strategies for recurrent lumbar disc herniations
- Strategies for non-unions at the cervical and the lumbar spine
- The role of alignment in proximal junctional kyphosis

Agenda

19th November 2025

09:15 – 09:30

Registration, Coffee & Welcome
Faculty

09:30 – 10:15

Recurrent Lumbar Disc Herniation – to fuse or not to fuse?
Moderation: Markus Loibl

- Case Presentation
- Small Group Discussion
- Plenary Discussion
- Expert Lecture

10:15 – 11:00

Non-Union at the Cervical Spine – what is the strategy?
Moderation: Markus Loibl

- Case Presentation
- Small Group Discussion
- Plenary Discussion
- Expert Lecture

11:00 – 11:30

Coffee Break

11:30 – 12:15

Case Discussions – Bring your Cases
Moderation: Paul Heini

12:15 – 13:15

Lunch Break

13:15 – 14:00

Non-Union at the Lumbar Spine – what is the strategy?
Moderation: Christoph Albers

- Case Presentation
- Small Group Discussion
- Plenary Discussion
- Expert Lecture

14:00 – 14:45

Proximal Junctional Kyphosis – what is the role of alignment?
Moderation: Christoph Albers

- Case Presentation
- Small Group Discussion
- Plenary Discussion
- Expert Lecture

14:45 – 15:15

Coffee Break

15:15 – 16:15

Case Discussions – Bring your Cases
Moderation: Deszö Jeszenszky

16:15 – 16:30

Wrap Up & Closing

Accreditation | SO, SGC and SGNC credits will be requested.
