Course Overview

The inaugural **OrthoUpSkill** course for **SportsMed** - focused on meniscal surgery - combines didactic sessions with hands-on cadaveric arthroscopic training. Participants will practice arthroscopic tunnel placement and meniscal suturing using inside-out, outside-in and all-inside techniques. The program also reviews the latest outpatient-surgery practices and tariff-system updates for knee arthroscopy, and includes an introduction to the Innovation Centre and the Value Based Healthcare concept.

Participants' Profile

Residents in their 5th or 6th year of residency, specializing in Orthopaedics and with an interest to focus on Knee surgery.

Accreditation

SO and SGC Credits will be requested.
