We are looking forward to welcoming you to Zuchwil.

Course Overview

This course centers on complex upper extremity fractures with an emphasis on on distal radius fractures.

Through targeted lectures, case-based discussions, and hands-on cadaveric practice, participants will gain practical experience using the **VOLT™ (Variable Angle Optimized Locking Technology) Plating System**, a next-generation fixation platform developed by DePuy Synthes that expands fixation options and enhances construct stability and surgical efficiency.

Participants' Profile

Experienced trauma and orthopedic surgeons specializing in complex upper extremity surgery, seeking to enhance their skills with the latest generation of implants.

Accreditation

SO and SGC Credits will be requested.
